Allowable Subject Matter

Claims 1, 3-12, and 15-22 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art does not disclose or suggest a method of preparing fiber stock for production of paper or board comprising the steps of supplying fibers in a fiber suspension, loading the fibers with a precipitation product, mechanically treating the fibers after loading, and transporting the fiber stock to a paper machine, wherein the method further comprises:

Re: Claims 1, 3-5, and 15 -- providing the fiber suspension with a predetermined solids content in the range of approximately 25-40%.

Re: Claims 6-9 -- diluting the suspension prior to mechanical treatment.

Re: Claims 10-12 -- performing a second mechanical treatment step.

Re: Claims 16-22 -- further refining the fiber suspension in a refiner with a refining slot having structured surfaces and at an edge load of 0.5-5.0 J/m.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
